Architectural  
Design

## Authorized Software Reseller and Implementer

## How We Are Different

### DIFFERENTIATORS

#### Quality

NITCO is passionate about the quality of our delivery to our clients. Our quality begins with the talented resources we hire and the continual training we provide them. We require all resources to be certified and experienced in their field of expertise. Our quality is manifested by the methodology and best practices we follow. Our quality is guaranteed with a complimentary ten-day hyper-care warranty.

## Customer Focused

NITCO is flexible to satisfy most client needs for digital technology with our personalized service. We offer project-based implementations, staff augmentation, and on-going support services. We also recognize that one size does not fit all and can offer recommendations on the best technical solutions for client needs.

---

## Best Practices

Our NITCO professionals embody the best practices in our digital technology implementations. This is based on our technology partner standards and professional experience as well as best practices for development, business consulting, and project management.

---

## Trusted Partner

Our ultimate goal at NITCO is for our clients to be successful with the right solution at the right time. We only promise what we know we can deliver. We always stand by our workmanship.
